

**MARK GORDON**  
GOVERNOR

**MIKE REED**  
STATE FIRE MARSHAL

**THE STATE**

**OF WYOMING**

## **Department of Fire Prevention and Electrical Safety**

### **APPLICATION FOR ELECTRICAL WIRING PERMIT**

Per Wyoming State statutes,

An electrical wiring permit fee is \$50 (without a guaranteed inspection)

The enclosed application and fees shall be submitted to the DFPS office in order to receive an electrical wiring permit. Please submit the wiring permit application and payment to this office no less than 5 (five) business days before any work begins. Once our office has received the application and the permit fee, the permit and receipt will be issued to you within 5 business days. After you receive the permit for power hook up, it is your responsibility to call your local power company. Electrical installation shall not begin until you have received the permit.

If **“Temporary”** power is needed, **two (2)** permit applications will have to be submitted and paid for. One (1) for the temporary hook up and one(1) prior to starting electrical installation of structure.

The department of Fire Prevention and Electrical Safety may inspect any project at any time during construction or upon completion.

If you would like a guaranteed inspection, please see the attached guaranteed inspection fee schedule. The inspection must be paid for in advance, and once the permit is issued, it is your responsibility to notify the inspector for your area. The inspector then has 5 business days to complete the inspection.

**\*\*Please note\*\*:** **Inspections should be scheduled prior to covering underground installations, closing walls, or pouring concrete over electrical components.**

If installing a **cell tower, grid-tie wind turbine or photovoltaic system**, you must submit a Plan Review and pay for a guaranteed inspection (see guaranteed inspection fee schedule attached), before a permit will be issued. Plan reviews are submitted to:

[wsfm-eplanreview@wyo.gov](mailto:wsfm-eplanreview@wyo.gov).

You can mail your permit application along with payment to:

Wyoming Dept. of Electrical Safety  
320 W 25<sup>th</sup> Street, 3<sup>rd</sup> floor  
Cheyenne, WY 82002

Or you can email your permit application to: [wsfm-electricalpermit@wyo.gov](mailto:wsfm-electricalpermit@wyo.gov). Please call with payment arrangements the same day you email your permit application so processing is not delayed.

**Call 307-777-7288 with any questions regarding the permitting process.**

## **GUARANTEED INSPECTION FEE SCHEDULE**

The \$50 Permit Fee is **INCLUDED** in the Fee Schedule

### **RESIDENTIAL, MOBILE HOMES, and Solar / Wind Turbine**
